EDUCATION

Central Institute of Technology Kokrajhar

B.Tech in Computer Science and Engineering (C.G.P.A :7.06)

PCPS Girls' Polytechnic

Diploma in Computer Science and Engineering (C.G.P.A: 8.0)

Puthmari H.S School

(Percentage: 64.4%)

Kokrajhar, Assam

July 2023 – June 2026

Barmunimaidam, Assam

July 2020 – July 2023

Puthmari, Assam

June 2018 – June 2020

EXPERIENCE

Kendriya Vidyalaya (KV) Tamulpur

Computer Teacher

- Teaching Computer Science
- Teaching AI and programming languages.
- Conducting practical computer classes.

Tamulpur, Assam

Sep 2026 – Present

NEILIT Kokrajhar

Work-Based Learning Intern

- Trained students in MS Excel, MS Word, PowerPoint and basic computer operations.
- Trained firefighters on firewall concepts at SP Office, Kokrajhar.

Kokrajhar, Assam

Feb 2026 – June 2026

IIIT Guwahati

Deep Learning Research Intern

- Developed deep learning models for user authentication using gait recognition.
- Trained LeNet-5, VGG16 & ResNet achieving up to 99% classification accuracy.
- Reduced model size by 75% through quantization for edge deployment.

Guwahati, Assam

May 2025 – June 2025

AMTRON

Web Design Trainee

- Completed web design training covering HTML and CSS fundamentals.

Barmunimaidam, Assam

Mar 2022 – Apr 2022

NSIC Technical Service Centre

Student Database Software Management

- Developed a student database management system using MS Excel and SQL.

Guwahati, Assam

Mar 2022 – Apr 2022

PROJECTS

Federated AI for Privacy-Preserving Healthcare Diagnostics in Hospitals

Python, PyTorch, FLwr

- Designed and implemented a privacy-preserving federated learning system across 3 hospital nodes for secure healthcare data analysis .
- Achieved 94.4% diagnostic accuracy while ensuring complete patient data confidentiality.
- Proved feasibility for rural Assam healthcare deployment.

July 2025 – June 2026

CIT Kokrajhar, Assam

Dynamic Server Selection using Reinforcement Learning

Python, Reinforcement Learning

- Built an RL-based agent for optimal server selection in edge computing networks.

Jan 2025 – Present

CIT Kokrajhar, Assam

Hostel Management System

HTML, CSS, JavaScript, Python, SQL

- Developing a web-based hostel management system for room allocation and student record management.

Jan 2025 – July 2025

PCPS Girls' Polytechnic, Barmunimaidam

TECHNICAL SKILLS

MS Office: MS Excel, MS Word, MS PowerPoint

Database: SQL, Database Management

Languages: Python, C, JavaScript, HTML/CSS

AI/ML: Machine Learning, Deep Learning, Federated Learning, Reinforcement Learning

Frameworks: React, Node.js, Flower, TensorFlow
